

DISINFECTANT DEODORANT SPRAY

Disinfectant aerosol spray is EPA registered to disinfect hard non-porous surfaces. Excellent for use in healthcare settings due to its extensive disinfectant claims. EPA registered as a Broad Spectrum Disinfectant cleaner.

Directions

- To clean:** Prior to disinfection, thoroughly pre-clean all surfaces to be treated by removing all gross filth and heavy soil.
- To Disinfect:** Hold can upright and spray from a distance of 6 to 8 inches until area for treatment is thoroughly moistened. Allow surfaces to remain wet for 10 minutes before wiping. After disinfection, a potable water rinse is required. Do not use to disinfect appliances, refrigerator interiors and microwave oven interiors. Do not use on dishes, glasses or utensils.
- To Sanitize:** Spray surface until entire area is thoroughly wet. Allow to remain wet for 5 minutes before wiping.
- For Control of Mold & Mildew on Hard, Non-Porous Environmental Surfaces:** Spray surfaces until thoroughly moistened. Allow to air dry. Repeat application in 7 days.

Disinfect and Control Odors
