

FLO FREE BACTERIAL DIGESTANT DEODERANT

Fast-acting drain maintainer contains live non-pathogenic bacteria that digest grease and other organic waste to keep drains flowing and smelling fresh. Other products offer temporary solutions while this formula digests organic waste that causes clogged or slow drains.

Directions

- For drains, wash basins, septic tanks, garbage disposals, dumpsters and grease traps, use 8 oz. - 40 oz. daily to deodorize and aid in digestion.
- Larger tanks, drains and traps may require larger daily treatments.
- This product can be applied directly to soiled surfaces using a trigger sprayer or pump up sprayer.
- Excess product should be wiped or rinsed.
- Can also be diluted in mop water up to 3 oz. per gallon to provide excellent odor counteraction.

Live Bacteria Digests Grease and Waste to Eliminate Malodors
