# BIO-MUSCLE

## BIO-POWERED ALL PURPOSE CLEANER

Enzyme-fortified cleaner and degreaser attacks and eliminates grease and other contaminants to achieve cleaner and safer floors. Penetrates porous surfaces and grout lines to attack a wide range of embedded soils and control odors. Triple action formula pairs enzymes and bacteria with an all purpose base.

### Directions

1. Remove orange shipping security rings and stow rings in a secure location.
2. Attach female Quick Connect to available hose connected to water source with water turned off.
3. Connect bottle's male Quick Connect to female Quick Connect.
4. Turn water on.
5. Select flow rate.
  - a. For spray bottle filling, push spray bottle icon completely in.
  - b. For mop bucket filling, push mop bucket icon completely in.
6. Push main water switch down to dispense product.
7. Slide holding lock forward to hold main switch in on position for hands free operation.

**Note:** When finished, turn off water source, disconnect bottle and reattach shipping security rings.

**Continues to Clean Floors Even After Cleaning is Complete**

### Specs
