# PRO-PEROXIDE MULTI-PURPOSE CLEANER

Concentrated, powerful, yet environmentally preferred multi-purpose cleaner and degreaser pairs soy extract and peroxide to provide cleaning power for everyday and restorative jobs.

## Directions

1. Remove orange shipping security rings and stow rings in a secure location.
2. Attach female Quick Connect to available hose connected to water source with water turned off.
3. Connect bottle's male Quick Connect to female Quick Connect.
4. Turn water on.
5. Select flow rate.
  - a. For spray bottle filling, push spray bottle icon completely in.
  - b. For mop bucket filling, push mop bucket icon completely in.
6. Push main water switch down to dispense product.
7. Slide holding lock forward to hold main switch in on position for hands free operation.

**Note:** When finished, turn off water source, disconnect bottle and reattach shipping security rings.

The Power of Peroxide is Endless
